

ACKNOWLEDGEMENT

First, I would like to thank Thailand's Siam University for giving me such an opportunity to allow me to complete an essay research independently and to give us all support and assistance in this process so that we can learn more practical application knowledge in the final period of completion of our studies and enhance our ability to practice and think independently.

This dissertation was completed with the kind attention and guidance of my instructor. The rigorous academic attitude of the teacher, the work style of excellence, the unyielding noble morality of the teacher, the unadorned, approachable personal charisma have far-reaching implications for me. Here, I would like to express my highest respect and all my heartfelt gratitude to all the teachers.

Thanks to my classmates, coming from this distant home to this strange city, it is you and I who jointly maintain the fraternal feelings of each other and maintain the harmony of the class's family. I will always remember yours.

Thanks for my parents raised me and always support me; your health and happiness are always my greatest wish.

Finally, I would like to express my sincere gratitude to all the teachers who have participated in the dissertation defense during their busy schedule.
