

ACKNOWLEDGEMENTS

After several months' hard working, this paper has finally finished. I here give my special thanks to my instructor, the dean of Siam University and teachers, and my friends who have given me a lot of help both academically and non-academically. I really appreciate it.

First, I would like to give my most sincere thanks to my instructor. He gives me help from topic selection, paper structure design, paper writing and other activities. I really appreciate his effort, without which, I would have lots of problems in the writing the dissertation. I've also learned a lot of from his knowledgeable background, working style and etc.

Second, I would like to give my thanks to the dean of Siam University and teachers. I really like the learning environment here, and I really become more knowledgeable in the university. Without your help, I am better prepared for the future challenges and life experiences.

Finally, I want to thank my co-workers and friends. It is always my ultimate goal to provide them with happy and satisfactory life.
